Attention: Mr. Grote Reber

Dear Sir:

I have your inquiry concerning availability of our Infradyne Amplifier. The manufacture of this amplifier was discontinued in 1927 and we have had no stock for many years. Our sales department has one unit less tubes in their archives but we could not part with this and we also doubt if CX199 tubes are available anywhere.

We regret we are unable to be of service to you, nor can we suggest a possible source of these amplifiers.

Very truly yours,

REMLER COMPANY
