

RESEARCH CORPORATION

DIVISION OF GRANTS
405 LEXINGTON AVENUE
NEW YORK 17

CHARLES H. SCHAUER
VICE PRESIDENT and SECRETARY

November 16, 1962

Dear Mr. Reber:

Sorry to have delayed the enclosed from J.W.R. so long. I immediately put it in an envelope addressed to you but that's as far as I got.

This week a package of the enclosed reprints came for you. Looks like about 200. I'll send some to you by sea mail and keep the rest pending further word from you.

On November 8 the Chase Manhattan Bank here sent \$12,000 for deposit to your account at the Hobart branch of the National Bank of Australasia. It should be there by now. If the advice hasn't come through, will you let us know so that we can follow up.

*25351/3/5 Sweden

The Astronomical Society of the Pacific has forwarded a \$60.00 check to R.C. as a contribution to your travel expenses. It has been credited to that item.

Copperweld Steel Company has asked us to verify the number of reels which we "have" on hand. This is for auditing purposes as I believe they charged something like \$25.00 for each reel, supposedly returnable if the reels were returned. I figured there were 13 such and this we have told them but added that we doubted they would be returned. It was not your intention to return any of them, was it?

I hope you have received the package which we mailed toward the end of September. It will probably take a few more weeks before the return receipt is received here.

Congratulations! You have just heard, via Hawaii and Green Bank, from whence it was forwarded here, that the Elliott Cresson Medal has been awarded to you. The letter is enclosed. Incidentally, it is another gold medal. I am dropping Mr. Jackson a note to explain why he has received no acknowledgment. The "enclosed program" is being included with other mail going by sea. Last year's Cresson Medals were given to James Gilbert Baker (Harvard College Obs.) and Wernher von Braun.

Sincerely,

Jennie
