August 1, 1961

Mr. Grote Reber,
C.S.I.R.O.
Stowell Ave.,
Hobart, Tasmania, Australia.

Dear Mr. Reber:-

I have received your letter of May 11th which was written to my late husband, Clifford A. Kunz, W-1-AAH. I am grieved to say that my husband passed away June 16th - rather suddenly after a brain operation for a tumor.

Needless, to say, I am left with a building full of radio apparatus, which I must dispose of in a reasonable manner to settle the estate.

When you return to the states, please contact me and plan to come here to see for yourself as to what items may be of interest to you. Should you not be able to return within a short while to the States, perhaps you might appoint a representative to contact me. I am sorry that I am not well educated in the field of Radio and Electronics, but I am sorting out the antique radios and the standard commercial apparatus.

Yours truly,

(Mrs. Clifford A. Kunz)
