CHARLES H. SCHAUER
VICE PRESIDENT and SECRETARY

August 23, 1961

Dear Mr. Reber:

Associated Universities Inc. address is: 10 Columbus Circle,
New York 19.

Mr. Schauer passed through the office on his way from Manila to Wah Wash Kesh, Ontario, one day last week and read your letter of August 11. With reference to the publicity re Green Bank, etc., he says that Mr. Scherer is now with the NSF and we understand that he is endeavoring to do something about some of these problems. Accordingly, it might not be an appropriate time to start something up just now.

Modern Space Science and a copy of R.C.'s Annual Report has been sent by sea mail. Also enclosed a couple more Physics Today which have arrived here via Green Bank. You might as well have something to read these long winter evenings. Or is it almost spring?

Apparently the Green Bank post office accepted our request to forward your mail directly as a few things have come that way, nothing important. By the way, a check for 90¢ for your rights came from Northern Illinois Gas Company and I sent it to Harris Trust & Savings Bank for deposit.

Sincerely,
