Mr. Edward K. Balls, Horticulturist  
Santa Ana Botanic Garden  
1500 North College Avenue  
Claremont, California

Dear Mr. Balls:

Your letter of the 22nd and two small packets of seed arrived today. Thanks very much. I intend to start some of these in pots so that they may be taken in during the winter which is usually quite severe here. Apparently this vine grows rather slowly so that it may well be next autumn a year hence, before any new seed is forthcoming. In any case I'll let you know what transpires.

Thanks again.

Sincerely yours,

Grote Reber
