

Magadere

30/11/64

Planted in north row starting from west end

Position 1 empty, Positions 2-8 group VIII Positions 9-17 group IX

Watered & put down snail killer. Positions 18-25 empty.

24/12/64 Planted group XIV of 27/11/64 at position 1,

Planted more of group IX positions 18-25. Put up a few stakes,

30/12/64 Planted in south row positions 12-25 fair size bean plants from pure black seed (Group XV). Watered and put down snail killer. Tied up runners on several larger plants north row.

12/2/65 Scarlet Runner doing fairly well. Hawaiian doing very poorly. Dug up four of larger plants and put them in pots at Stowell. Idea is to have a sunny hot place in glass house.

24/2/65 Tied up scarlet runner after twinning for first time in six weeks. Plants 4 to 6 ft high. Lots of pure red flowers. The Hawaiian are all stunted. Very feeble short runners. A few pods near ground. Plants much like bush beans. Much too cool.
